Dear Dr. Lederberg:

This will acknowledge with appreciation your letter of December 7, in reply to my request for suggestions of candidates for the Head of the Department of Biology at Vanderbilt.

Your thoughts and suggestions relative to this problem are very valuable to me and I shall, no doubt, want to come back to you for further consultations.

I appreciate also your inclusion of "Genetics and the Medical School."

With all good wishes for the holidays, I am

Sincerely,

Ernest W. Goodpasture
